

## 1989 Parker 25 Pilothouse for Sale

### Massachusetts Bay Fishing Machine

Parker 25 Pilothouse model built by Parker Boats in 1989 for sale. "Fish Food" was repowered with a 2005 Mercruiser I/O 260 HP before being donated to a community sailing center. The boat has been out of the water for 3 seasons and the engine needs some work (\$3-5k) to be functional. The V-berth is perfect for overnights on Boston Harbor and the stern platform provides ample space for adventures in Massachusetts Bay. Tuna and Striper beware! Price is \$12,000.

Contact Gray Harrington at 617-561-6677 x12 or [gray@piersparksailing](mailto:gray@piersparksailing) for more information. Boat is on land and available for viewing in East Boston.
